**SUBJECT: Paper recyclability certifications - ATICELCA® 501 and FSC paper for E|Pad envelopes**

With reference to the documentation issued by Aticelca® in which, after reviewing the test report containing the technical specifications, it grants the use of the wording and/or the icon RECYCLABLE WITH PAPER - ATICELCA® 501 - Level B on EIPAD envelopes

**DECLARE**

- that the same are made with the same technical characteristics as indicated in the test report and that the wording is used in compliance with the "Rules for the use of the wording and icon to certify the level of recyclability according to the Aticelca 501/17 Test Method" in force and its subsequent modifications
- that the paper used for the production of the havana and white E-Pad envelopes is FSC mix (with a recycled content of 70% or more).

Thanking you for your attention, I send my best regards,

Domenico Tessera Chiesa  
Amministratore Unico
